Tech Educator – full-time (CDD)

Be a Part of Luxembourg's Digital Future!
The Luxembourg Tech School (LTS) is an educational concept preparing the next generation of digital leaders. Established in 2016, LTS is a non-profit organization deeply integrated into the national education system.

We are seeking a dedicated **Tech Educator** to join our dynamic team who will focus on students with special needs within the *Creative Coding for All* (CC4All) project, integrating cognitive science principles with technology education. Our goal is to provide an inclusive, engaging, and supportive learning environment that empowers every student to reach their full potential. For additional details, visit https://www.techschool.lu/projects/creative-coding-for-all.html

This offer is for a fixed-term contract (CDD) with a duration of one year.

Your Role:
As a Tech Educator, you will create and deliver tech-related courses tailored to students with special needs. You will be ensuring that each student can successfully engage with and benefit from the curriculum.

Your Responsibilities:
– Teach in CC4All related and other courses and workshops
– Participate in events.
– Create educational materials.
– Contribute with your area of expertise to the LTS projects.
– Foster an inclusive classroom environment that encourages participation and engagement.
– Provide individual support to students
– Use various technologies and tools to enhance student's learning experience.
– Manage projects and processes
– Advocate for the LTS philosophy and activities.

Your Qualifications
– Background in Education, Psychology or Cognitive Science, with experience and interest in special needs education
– Comprehensive knowledge of cognitive science principles and their application in educational settings.
– Proficiency and interest in computer science, electronics, coding and tech-related education.
– A strong can-do approach and motivation to work in a small team, in a dynamic and agile environment.
– Fluency in Luxembourgish. Strong proficiency in English. Knowledge of German and French are considered assets.
– Driver license (Permis B) and a car
– Nationality of an EU/EFTA country.

What We Offer:
At LTS, you will contribute to a meaningful mission while enhancing your professional skills and network. We provide:
– A structured program with comprehensive teaching platforms and coaching materials.
– Opportunities to participate in research and development projects.
– A flexible working environment, including the option to work in our LTS Lab at the House of Startups in Luxembourg City.

How to Apply:
Please submit your short motivation letter (briefly explain your motivation to join LTS and why you believe your profile is suitable), CV and an extract of your criminal record (General & Bulletin 5) to contact@techschool.lu.

Deadline: 20 July 2024
